

Pilot Program Overview

Global Foods Distribution Center offers pilot programs for government and institutional buyers to evaluate product performance in live facility environments prior to long-term procurement commitments.

Pilot Scope:

- One housing unit, building, or designated facility area
- Institutional bamboo toilet tissue
- Compatibility with existing dispensers
- High-use environment testing

Pilot Supply Details:

- Product: Institutional Bamboo Toilet Tissue
- Quantity: Pilot-scale case or pallet volumes
- Delivery: One-time or staged delivery

Support & Review:

- Dedicated vendor point of contact
- Mid-pilot check-in
- End-of-pilot performance summary

Next Step After Pilot:

Upon successful completion, institutional pricing and fulfillment terms may be extended for expanded facility or multi-facility supply.
